THE SOLUTION THAT EMPOWERS OPEN INFORMATION

ACADEMIC PLANNING PORTAL

Discover, Plan, and Manage

The Academic Planning Portal brings all of the information pertaining to courses, degrees, and requirements into an interactive portal. The solution delivers to students a tool for interactive exploration of degree plans and creation of individual academic roadmaps. The Academic Planning Portal also provides University officials with flexible management of roadmap recommendations while delivering insights into student demands for future courses.

ACADEMIC PLANNING PORTAL HIGHLIGHTS

INTERACTIVE COURSE CATALOG:

Enhance static presentation of the catalog with advanced search of colleges, degree plans, courses and class schedules.

STUDENT ACADEMIC PLANNER:

Interactive management of degree plan guidelines with flexibility to organize course load according to individual schedule constraints.

DEGREE PLAN MANAGER:

Manage degree plan completion guidelines according to expected course load and prerequisites.

COURSE DEMAND ANALYSIS:

Detailed analysis of future student demand for Colleges, Degree Plans, and Courses by Individual Students.

COST SAVINGS:

Cost efficient electronic delivery through the Cloud reducing many print production and postal delivery costs.
